

February 8, 2023

Families,

I am writing to provide you with an update on the modular classroom structure at Elizabeth Sutherland School that was announced last fall.

The modular will have eight classrooms, connected by common hallways and include washrooms. Each classroom is equipped with heating, ventilation, and technology.

Construction for this modular is tentatively scheduled to begin this month, so the new classrooms are ready to welcome your children in September. [Click here](#) for a map to see where the modular will be built.

You can expect further updates over the next few months. If you have any questions or concerns, please contact the HRCE Operations Services Team at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna
Director, Operations Services
Halifax Regional Centre for Education
