

July 13, 2023

Families,

I am writing to provide you with an update on the portable classrooms at Fairview Junior High. Last month, we shared a [message](#) outlining the plan to add at least three portables to support enrolment growth in the school community.

Our Operations Services team is working to prepare the site, including installing a safety fence. The portables will then arrive on site in the coming weeks.

Once the portables have arrived, our team will work to refresh the space, add furniture and set up technology so it is ready to welcome students and staff in September.

The school principal, along with school staff, will determine how best to use the portables to support learning for all students. You can expect another update before school begins on Thursday, September 7, 2023.

Sincerely,

Kavita Khanna
Director, Operations Services
Halifax Regional Centre for Education
