Families,

I am writing with a final update on the two portable classrooms that were placed at **St. Margaret's Bay Elementary School** over the summer. As you know, the additional learning spaces are required to support enrolment growth in the school community.

HRCE's Operations Team refreshed both the interior and exterior of the building over the summer. I am excited to let you know that we are ready to welcome students into their new learning space!

If you have any questions, I encourage you to reach out to the school principal. You can find all previous updates [here](#).

Wishing you and your family a successful start to the 2022-23 school year.
