

March 26, 2024

Families,

School leadership and HRCE Operations Services have been working together on an accessibility solution for the lower level at Fairview Junior High.

A chair lift will be installed, some doorways will be moved and/or widened and larger stalls will be added to the washrooms to ensure greater accessibility to all on the lower level.

We anticipated this work would be complete by the end of March; however, it has been delayed due to project requirements. We expect to have all accessibility work completed and the chair lift operational by the end of May.

While we wait for this project to be completed, the school has made adjustments to ensure that learning continues.

If you have questions about this project or others, please contact HRCE Operations Services at [hrceoperations@hrce.ca](mailto:hrceoperations@hrce.ca).

Thank you for your patience and understanding.

Sincerely,

Kavita Khanna P.Eng., MBA  
Director, Operations Services  
Halifax Regional Centre for Education
