you provide, the faster Mintz will obtain your results. For any additional questions, please call 1.877.359,8130, extension 3000.	A National Criminal Record search has been requested, and as part of that service an <b>eID verification</b> (electronic identification) powered by Equifax Canada is required. This state of the art, RCMP approved, verification system confirms your identity and will enable the electronic signing of the consent form(s).
Have you ever been convicted of a criminal offence for which a Pardon has not been issued in Canada?*	This is <b>NOT</b> a credit check and no credit information is being provided to either the screening company or to the client who requested the screening. The questions and answers you will see on the following page are strictly confidential; they will not be saved in your record and cannot be accessed by the screening company or the client. They are for eID verification purposes only.
Have you ever been convicted of a criminal offence <u>outside</u> of Canada?*	You will be presented with a series of questions based on your files with the consumer reporting company. Some questions might refer to accounts/credit information that <b>does not</b> apply to you – In these cases "None of the Above" is an appropriate answer. Again, please note that this is <b>not</b> considered an inquiry on your credit file and <b>does not</b> affect your credit score whatsoever.
PREVIOUS	The system does have a time limit of 30 minutes, after which time the eID verification will automatically fail. Should this happen or should you decline the process, you will be directed to download a manual consent form for completion and uploading (with appropriate ID) in the "File Upload" section of this evite request. Please be aware that even if the eID verification process is successful, copies of identification may still be requested as part of our quality control programs and/or for auditing purposes.

If you were ever found guilty of a criminal infraction in or outside Canada, please make sure to provide as much detail as possible in the **CRIMINAL** screen.

It is important you be as precise and exhaustive as possible in your declaration as it needs to be considered a material representation of your criminal history to be verified by police services.

Make sure to carefully read the instructions to know which information needs to be declared or not.

To allow you to sign your consent form electronically, you will be prompted to undergo an "eID verification".

This process is generated by Equifax, a major credit reporting agency, and will prompt you to answer three personal security questions. Note that neither Mintz Global Screening nor our client can view these questions or your answers – they are entirely confidential. If you successfully answer these questions, you will be able to sign your consent form electronically. If you fail these questions or decline the eID process, you will be required to download and print the consent form.
